

MAYUR GLASS INDUSTRIES

Quality with Strength

Managing Partner Desk - Vikram Jain

We, Bhandari Glass Company Group, are excited to introduce our latest venture – Mayur Glass Industries, a state-of-the-art glass toughened processing unit located in the thriving city of Visakhapatnam, Andhra Pradesh.

HIGHLIGHTS OF MAYUR GLASS INDUSTRIES:

Location: Visakhapatnam, Andhra Pradesh – The City of Destiny.

Facility Size: 50,000 square feet of operational space within a total of 8.5 acres.

Technology: Fully automated machinery makes us a unique establishment in South India.

Bhandari glass company is formed by **Mr. CHAMPALAL BHANDARI** in Hyderabad in 1975, exclusively dealing in glass wholesale trade. After 33 years, a sister concern was opened in Visakhapatnam with the name of Mayur glass house in 2008.

ABOUT MAYUR GLASS INDUSTRIES

With decades of experience in the glass sector, we started MAYUR GLASS INDUSTRIES in 2024 in Visakhapatnam, the City of Destiny. In a space of 50,000 square feet of working space spread across 8.5 acres, our fully automated technology sets us apart from our competitors. Our sole objective was to keep up our adaptability and quick response to fulfil every single requirement of our clients. And we're happy to report that, even with thousands of clients served, we were able to consistently accomplish our objective.

Our vision is to provide high-quality glass products through innovative techniques while ensuring sustainability and superior customer service.

Our mission is to be recognized as a global provider of advanced glass solutions that push the boundaries of technology and design in order to meet the construction and architectural needs of the future.

OUR LEGACY - BHANDARI GLASS COMPANY

TIMELINE AND MILESTONES:

Establishment of Bhandari Glass Company in Hyderabad by Mr. Champalal Bhandari.

Expansion with Mayur Glass House in Visakhapatnam.

Introduction of Rider Glass Industries Pvt Ltd for handling imports.

Entry into project-segment for end to end solutions for glass with mayur glass solutions, Visakhapatnam.

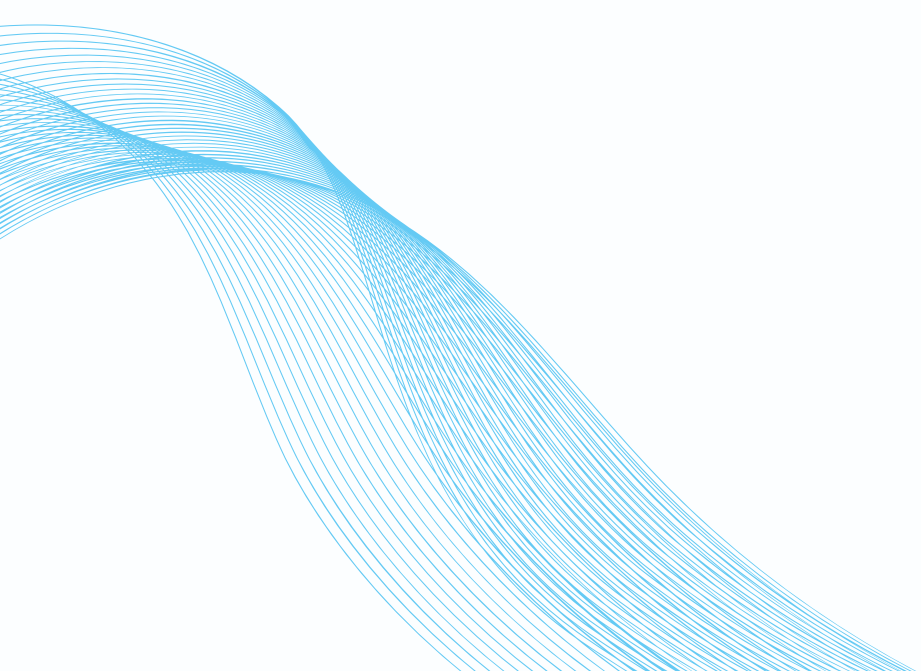

Launch of architectural hardware brand, KYLO.

Start of Navkar Sales, dealing in Indian-branded glass hardware.

Inception of Mayur Glass Industries with world-class glass processing facilities.

OUR PRODUCTS

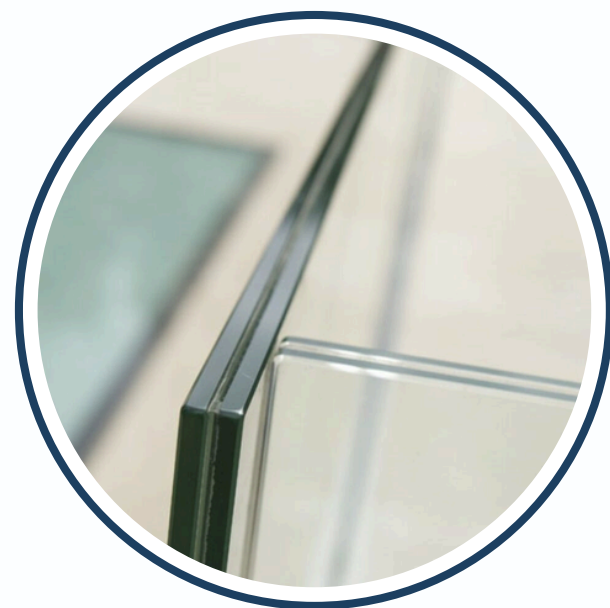

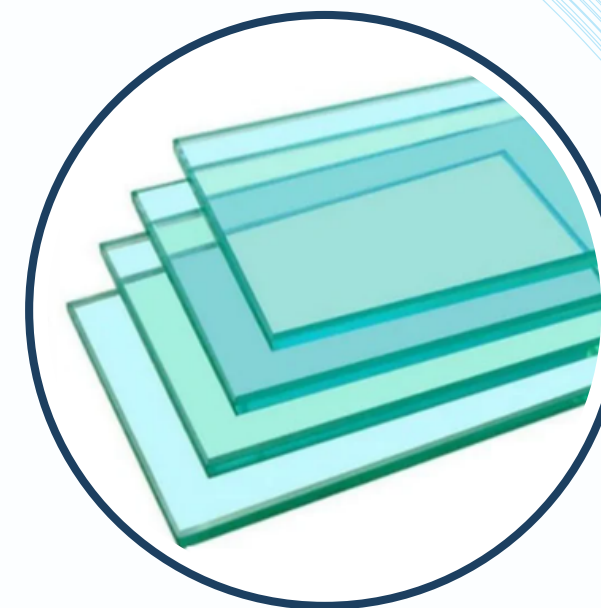

Architectural Glass Offerings:

- Toughened Glass
- PVB/EVA Laminated Safety Glass
- Insulating Glass/(DGU)
- Frosted Glass
- Acid Textured Glass

Toughened Glass

Ideal for safety and exterior applications.

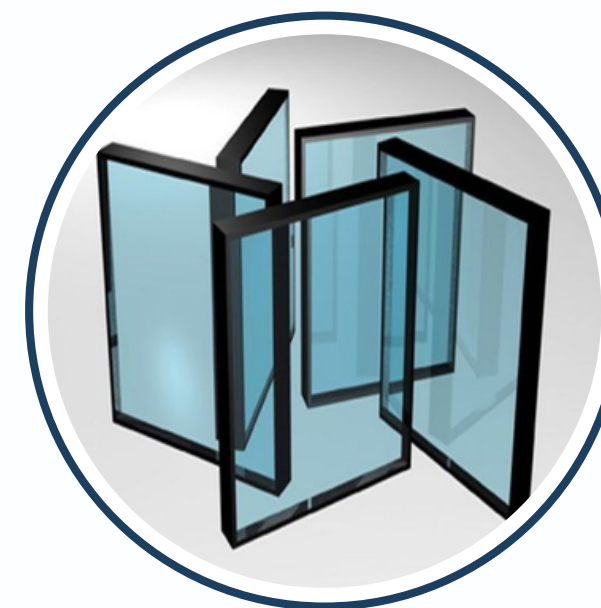

PVB/EVA Laminated Safety Glass

Best for security

Insulating Glass/(DGI)

Best for sound proof and heat proof

Acid Textured Glass

Transparent sheet of glass that is turned opaque

Frosted Glass

Offers privacy while letting in light.

OUR MACHINERY

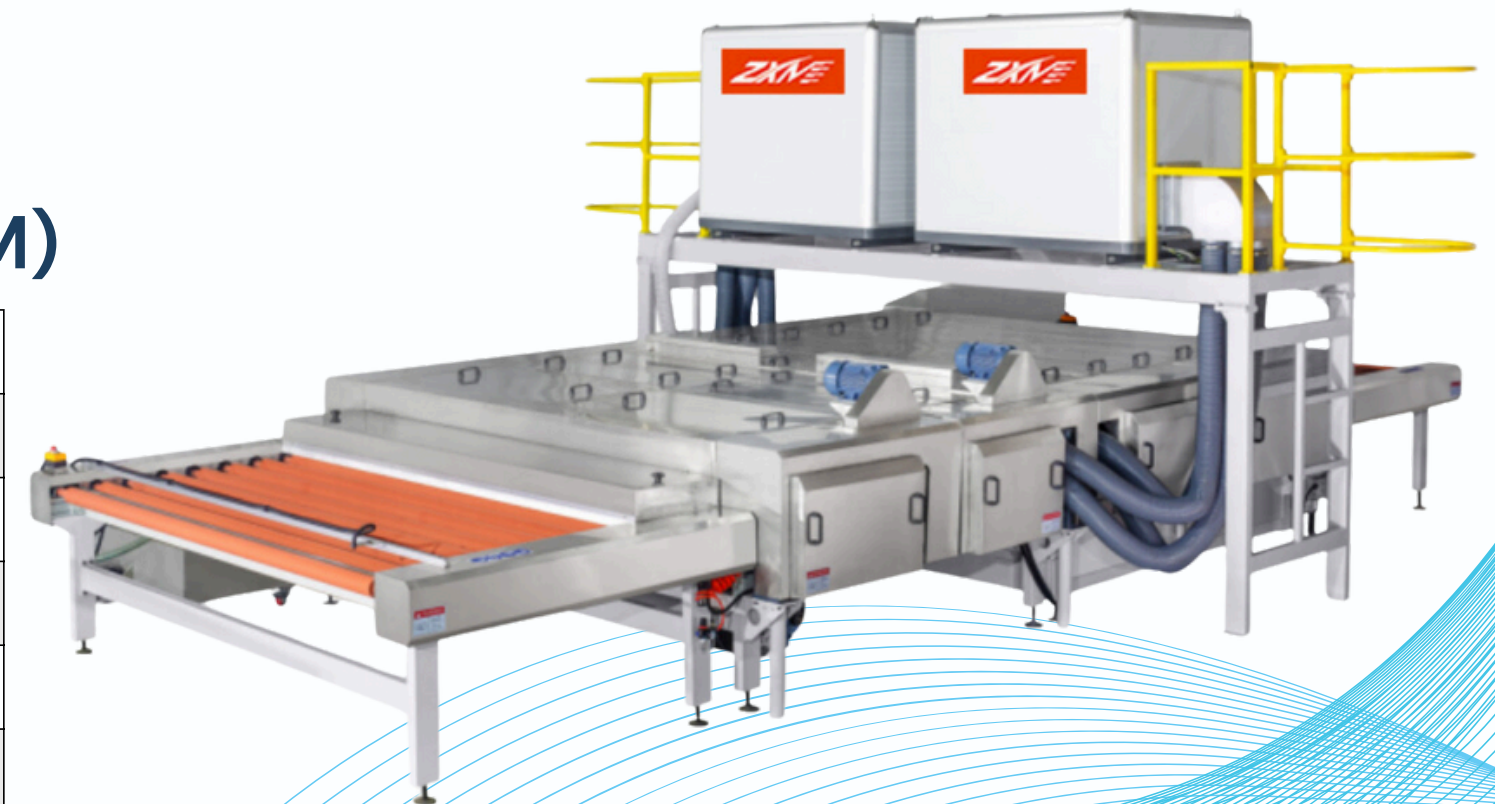

GLASS CUTTING MACHINE CNC – (STRONTECH)

Technical Parameters	
Machine Size	6100*3300mm
Thickness	3 - 19 mm

WASHING MACHINE – (ZXM)

Technical Parameters	
Model	ZX3000GW-3
Max. Glass Width	3000mm
Min. Glass Size	400*500mm
Glass Thickness	3 ~ 25mm
Working Speed	1 ~ 12m/min

OUR MACHINERY

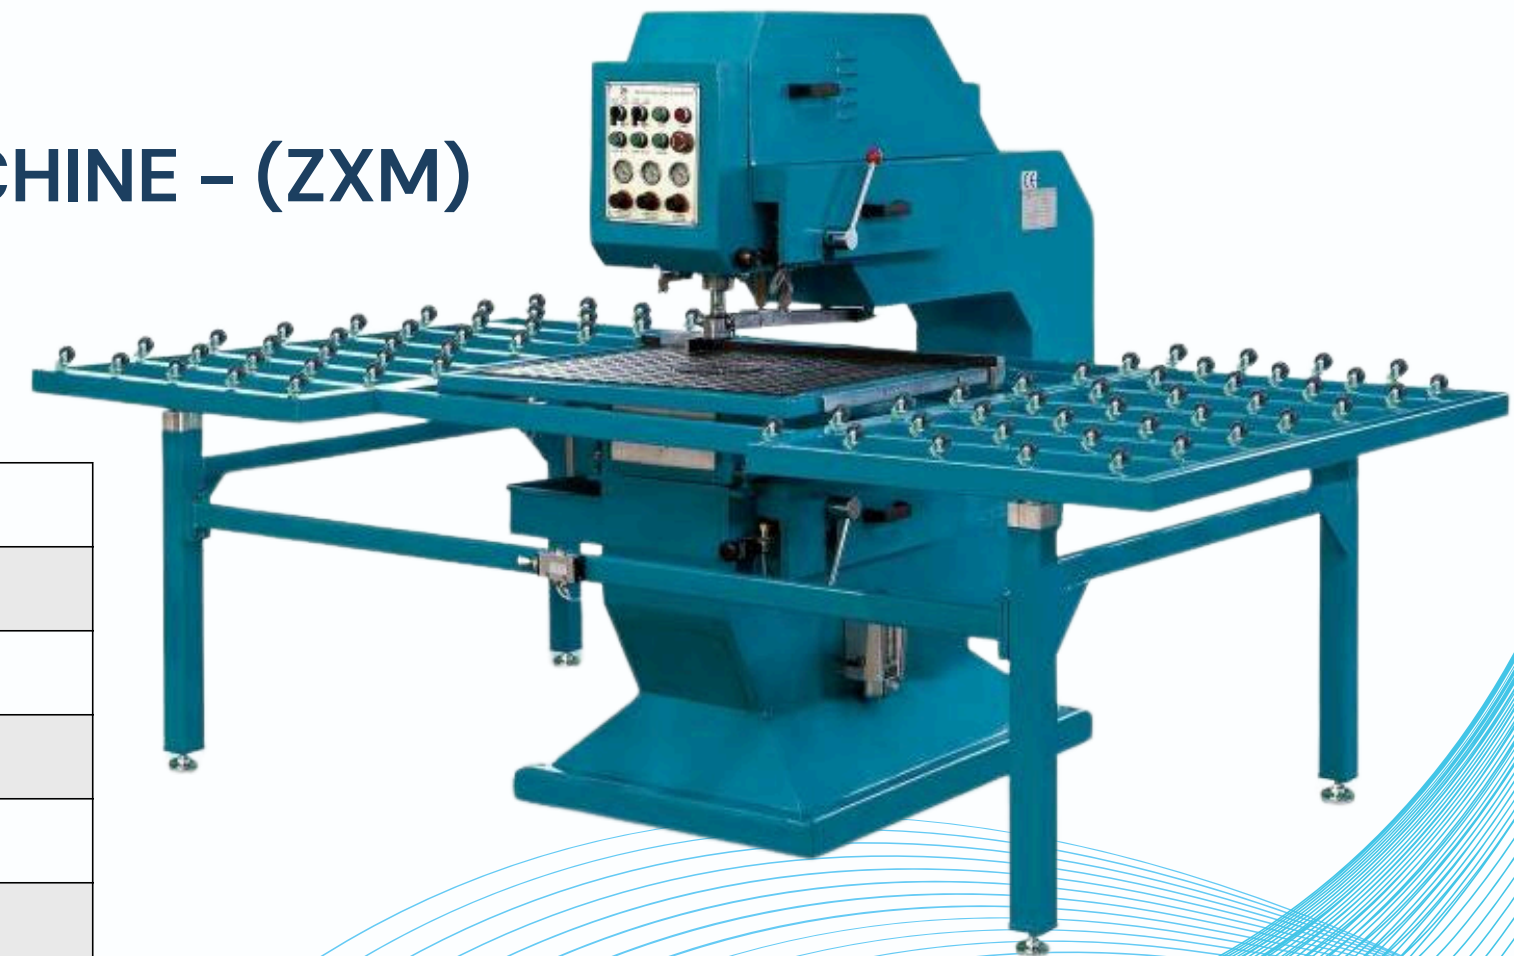

FOUR EDGER LINE – (ZXM)

Technical Parameters	
Max. glass size	4200x2500 mm
Min. glass size	350 x 350 mm (single double edger without middle bracket) 400 x 400 mm (the whole line)
Glass thickness	3 - 28 mm
Arris width	1 - 3 mm
Width adjustment speed	1 - 15 m/min
Working air pressure	0.7 MPa
Working height	920 - 960 mm
Complete power	Around 135 KW/380V 50Hz 3P

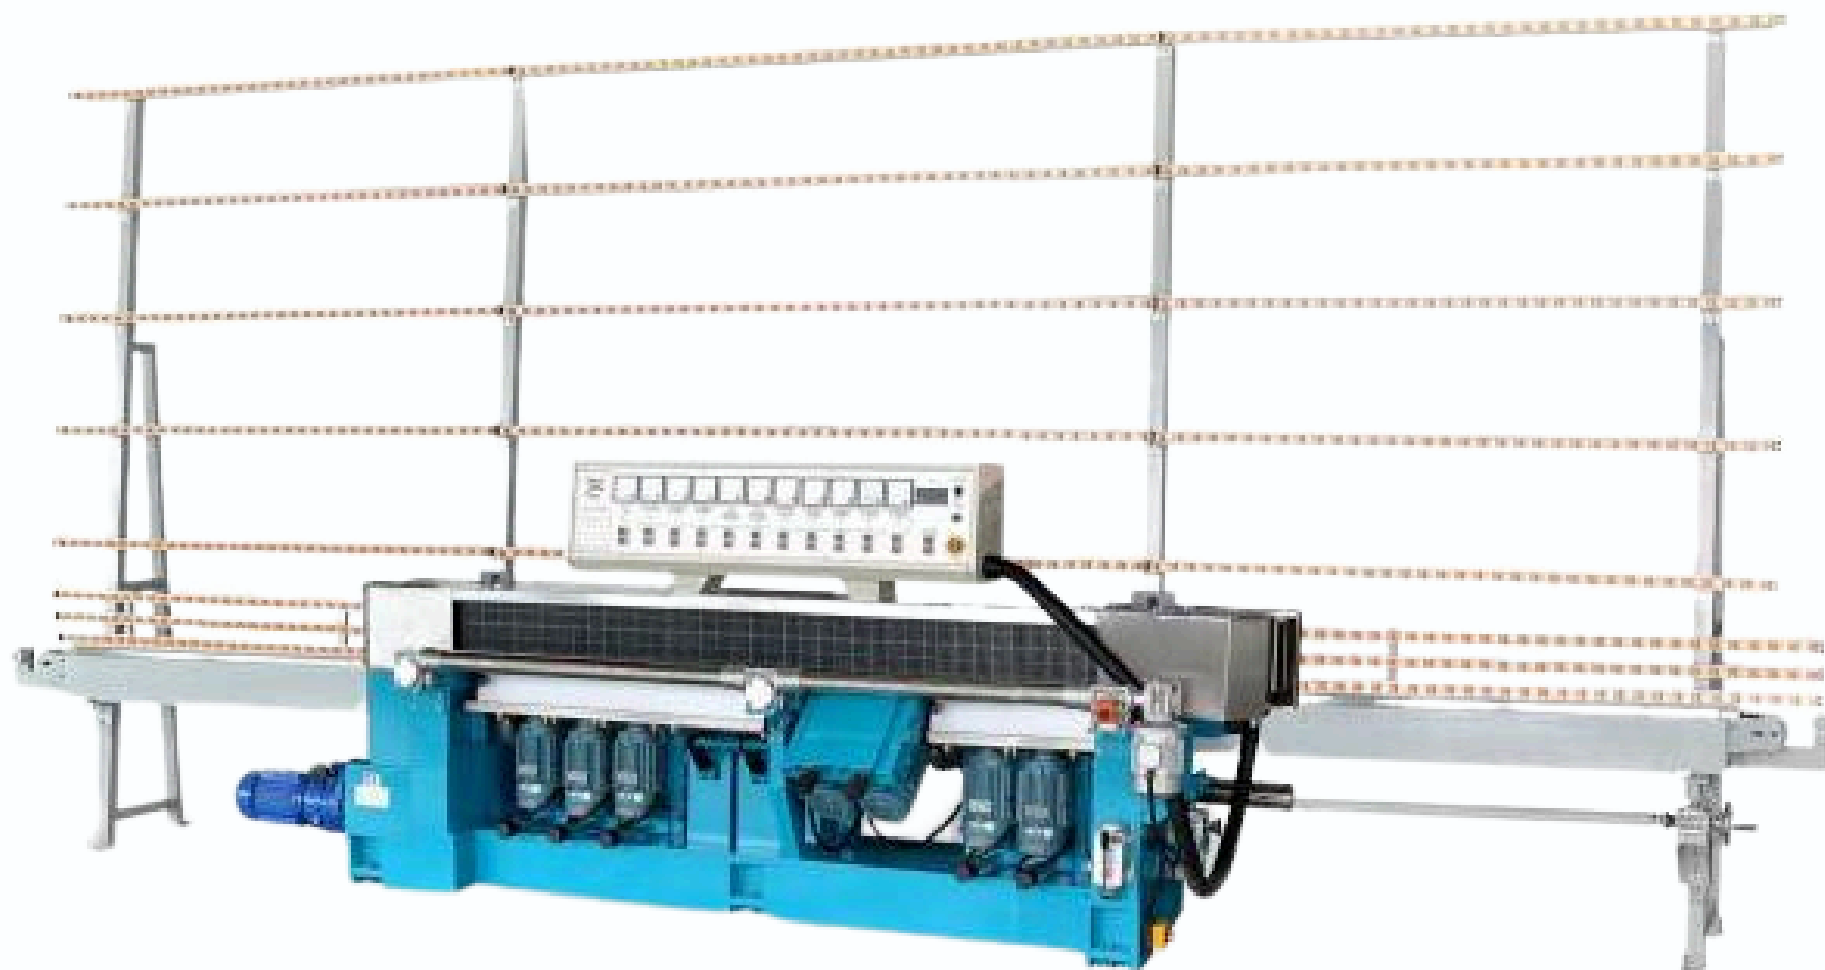

AUTOMATIC DRILL MACHINE – (ZXM)

Technical Parameters	
Diameter of drilling hole	4 - 100mm
Glass thickness	3 - 40mm
Total Weight	1000kg
Min. Glass Width	80mm
Total Power	3kw
Base Dimension	2.5mX2mX1.8m

OUR MACHINERY

SINGLE EDGER – (ZXM)

Technical Parameters	
Min.glass size	30mmX30mm
Glass thickness	4mm-15mm
Angle range	0°-25
Bevel width	40mm
Range of speed	0.7m~3.5m/min
Total power	20.5kw
Base Dimension	6.4X1.3x1.9m

COMPLETED PROJECTS

Navaratna Trade Centre
(Visakhapatnam)

Karunya Residency
(Narsipatnam)

JJ Innotel (Rajam)

South Central Mall
(Narsipatnam)

Mahaveer Group
(Visakhapatnam)

GlobEx Shopping Mall
(Visakhapatnam)

Pradhama Hospitals
(Medicover) (Visakhapatnam)

Laurus Labs

YTR Technologies
(Visakhapatnam)

The One Resorts
(Visakhapatnam)

Royal Park Resorts
(Visakhapatnam)

Lee Paradise Convention
Center (Vizianagaram)

Many More...

COMPLETED PROJECTS

RHI CLASIL (Annavaram)

Navaratna Jewel Square
(Visakhapatnam)

GVSPV

Many More...

COMMITMENT TO QUALITY AND TRUST

At MAYUR, we do not treat you as just another consumer. You are a close companion, a collaborator, and a part of our owned families and driven business. As a result, we go above and beyond to meet your needs and ambitions by providing exceptional products and services with a team of competent workers and years of knowledge.

PURPOSE:

To enhance our offerings in the glass processing industry and to meet the growing needs of architectural and design clients.

CAPABILITY:

With the ability to produce a wide range of high-quality architectural glass products.

TERMS OF SERVICE & COMMITMENT:

We take pleasure in our ability to provide consistent and effective service. We recognize the importance of executing short timelines and surpassing customer expectations. Each request and order are prioritized, ensuring the highest priority, assuring timely accurate deliveries with the utmost and uncompromising quality.

OUR GUIDING PRINCIPLE:

Our commitment to staying ahead of the technological curve is shown in our ongoing investment in cutting-edge production equipment. We constantly produce high-quality products and services in a regulated environment by combining innovative technology and great workmanship. At Mayur Tuff, we strive to give each interaction an extraordinary experience rather than just a transaction.

WAY FORWARD

FUTURE ASPIRATIONS -

Growth

Expand our reach in the international market while strengthening domestic ties.

Innovation

Continue to introduce innovative glass solutions that meet evolving architectural trends.

Sustainability

Enhance our processes to contribute to environmentally sustainable practices.
